CATEGORIES OF DATA PROCESSED

Navigation data

The computer systems and software procedures used to operate this website acquire, during their normal operation, some personal data whose transmission is implicit in the use of Internet communication protocols. This information is not collected to be associated with identified interested parties, but by their very nature could, through processing and association with data held by third parties, allow users to be identified. This category of data includes, for example, the IP addresses or domain names of computers used by users connecting to the site, the URI (Uniform Resource Identifier) addresses of the requested resources, the time of the request, the method used in submitting the request to the server, the size of the file obtained in response, the numeric code indicating the status of the response given by the server (success, error, etc.) and other parameters relating to the operating system and IT environment of the user.

Data provided voluntarily by the User

The optional, explicit and voluntary sending of electronic mail to the addresses indicated on the Site entails the subsequent acquisition of the sender's address, necessary to respond to requests, as well as any other personal data included in the message. Specific summary information is also reported or displayed in the sections of the Site prepared for particular services on request and subjected, if necessary, to the consent of the interested party.
